

Shipping Information

8 months out of the year, most orders are shipped within 24-48 hours. (Except weekends) During the peak of winemaking and the holiday season larger orders can take up to 2-3 days before they ship out. Add up the weight of your order to determine total shipping weight. Then determine which FedEx zone you live in by the first three digits of your zip code, using the Zone Chart to the left. Example, 42851 would fall into zone 4 (427-436). Then check to see how much the shipping costs are for your FedEx zone, using the Shipping Cost Chart. Example, 42 lbs. To zone 4 costs \$13.02. FedEx picks up orders from our store daily. With our FedEx on-line tracking system we know where your package is from the moment it leaves our store until the moment you receive it. This guarantees accountability. FedEx cannot ship to P.O. boxes. Orders shipped to Alaska, Hawaii, and APO addresses are sent by U.S. Mail. We are located near a post office so we charge you exactly what the Post Office charges us. We can send packages 2nd and 3rd day service if you in a bind. Call us for rates. 1 to 1.5 pound packages can be shipped priority mail for \$3.95. Yeast, caps, additives and similar items can typically be sent at this price.
